

Rimax Vanilla

Description: MP3/MP4 player, available with 2GB or 4GB capacity, with high resolution 2.4" colour screen, which allows you to view your videos and photos.

Sales arguments:

The new Rimax Vanilla includes a built-in speaker so you can share your music with your friends.

It also includes a 1.3MP camera so that you can photograph your friends any time.

The Rimax Vanilla stands out with its webcam function, which can be activated by simply connecting it via USB to your PC.

The Rimax Vanilla is also equipped with a micro SD slot, so that you can expand its memory by up to 2GB more.
